

MOHANAVIJAYAN J

Puducherry, India | +91-9361207221 | mohanavijayanj@gmail.com | LinkedIn | GitHub | Portfolio

PROFILE SUMMARY

Result-oriented Full Stack Developer with expertise in the MERN stack and Spring Boot. Proven track record of building secure, scalable applications with advanced features like JWT authentication and Role-Based Access Control (RBAC). Experienced in frontend optimization and data analytics through professional internships. Passionate about engineering high-performance web solutions that drive measurable business impact and enhanced user engagement.

SKILLS

Frontend: HTML5, CSS3, JavaScript, React.js, Bootstrap **Database:** MongoDB, MySQL
Backend: Node.js, Express.js, Spring Boot, Security **Tools:** Git, Maven, Postman, NPM, Axios
Programming: Java, Python **Concepts:** REST APIs, JWT, RBAC, OOP

EXPERIENCE

Data Science Intern – Ministry of Micro, Small and Medium Enterprises (MSME), India *Jan–Mar 2025*
Sales Analysis of Supermarket | Data Analytics Project | GitHub

- Developed an interactive sales dashboard using Streamlit for real-time business insights and retail analysis.
- Implemented dynamic filtering enabling data exploration by category, city, and custom date ranges.
- Engineered advanced visualizations using Plotly Express to analyze sales trends and performance.
- Identified key sales trends and buying patterns through statistical analysis to support inventory strategies.
- Languages:** Python | **Libraries:** Streamlit, Pandas, Plotly Express | **Concepts:** Data Mining

Frontend Development Intern – CodeAlpha (Virtual) | GitHub *Dec 2025 – Jan 2026*

- Completed a 1-month virtual internship focused on frontend development and JavaScript (ES6+).
- Developed interactive web applications including an Image Gallery, Calculator, and Music Player.
- Implemented complex DOM manipulation, event-driven programming, and regex-based validation.
- Optimized application logic and modular code structure, improving performance and project maintainability.
- Frontend:** HTML5, CSS3, JavaScript (ES6+) | **APIs:** Audio API, DOM Manipulation | **Tools:** Regex

PROJECTS

Online Bus Reservation System | MERN Stack Project | GitHub

- Engineered a scalable MERN platform with JWT-based authentication and BCrypt encryption for secure data.
- Implemented concurrency-safe booking logic using MongoDB atomic updates to resolve seat conflicts.
- Optimized database performance by 40% via MongoDB indexing and aggregation pipelines for real-time availability.
- Designed a responsive, glassmorphic UI using React.js, achieving 95+ Lighthouse performance scores.
- Frontend:** React.js, CSS3 | **Backend:** Node.js, Express.js | **Database:** MongoDB | **Tools:** Mongoose, Dotenv

Employee Management System | Full Stack Project | GitHub

- Developed a secure enterprise EMS using Spring Boot and React with Spring Security/JWT authentication.
- Architected a robust Role-Based Access Control (RBAC) system with custom dashboard filters and permissions.
- Engineered automated business logic for attendance tracking, reducing manual processing time by approx. 60%.
- Built a real-time analytics engine using Recharts, visualizing workforce trends through interactive data charts.
- Frontend:** React.js, Recharts | **Backend:** Spring Boot, Security | **Database:** MySQL | **Tools:** JWT, Maven

MV Spark Welders Website | Frontend Web Project | GitHub

- Designed a high-conversion business site using Intersection Observer API for scroll-reveal micro-animations.
- Achieved top-tier SEO rankings by implementing semantic HTML5, schema markup, and image optimization.
- Integrated WhatsApp Business API and custom automation, driving a 30% increase in digital lead generation.
- Developed a fully responsive mobile-first design using CSS Grid and Flexbox for cross-device compatibility.
- Frontend:** HTML5, CSS3, JavaScript | **Tools/APIs:** Intersection Observer, WhatsApp Business API

CERTIFICATIONS

Data Science Internship – Ministry of MSME, India *Certificate*
MERN Stack Development – Top Skilled Academy *Certificate*
Code Alpha Certification *Certificate*

EDUCATION

B.Tech – Computer Science and Engineering *2021 – 2025*
Puducherry Technological University, Puducherry *CGPA: 7.75*
HSC – Tamil Nadu State Board *2020–2021*
Petit Seminaire Higher Secondary School, Puducherry *87.8%*
